

# KATIE GOES TO TOKYO

**KATIE GOES TO TOKYO** is the Swedish singer-songwriter Kathrine Bergström. Her album "My Naked Heart" was released in Scandinavia (2010) and Canada (2011).

First single "Little sister" got heavy airplay in Sweden. The video for "Suburban street" was featured on Canadian Much Music and "Good morning accidents" was picked up by CBC.

One track on this second indie pop masterpiece was co-written with the fabulous Canadian artist Hawksley Workman. Katie spent the summer promoting her album in Toronto and Los Angeles.

*It's honest pop music at its best!*

*"My naked heart" is available for international licensing.
